

5TH CATEGORY - HISTORIC RACING

GROUP S

APPROVED VEHICLE SPECIFICATION

This form details the approved specifications of individual vehicle models in the 5th Category Historic car group. To be issued with an Historic Log Book, cars need to comply with these specifications, the physical appearance shown in the illustrations and the general historic rules as detailed in the current Motorsport Australia Manual.

| Make of Car:                         | Lancia  | Model: | Fulvia Sport Zagato               |

#### **SECTION 1 - CHASSIS**

#### 1.1. CHASSIS

| Description:             | Platform  |  |  |  |
|--------------------------|---|--|--|--|
| Period of Manufacture:   | Series I - 1.2 Sport Zagato – 1965 - 1967       |  |  |  |
|                          | Series I - 1.3 Sport Zagato Alu – 1967 - 1968   |  |  |  |
|                          | Series I - 1.3 Sport Zagato Acier – 1968 - 1969 |  |  |  |
|                          | Series I - 1.3S Sport Zagato – 1968 - 1970      |  |  |  |
|                          | Series II - 1.3S Sport Zagato S2 – 1970 - 1972  |  |  |  |
|                          | Series II - 1600 Sport Zagato S2 – 1971 - 1972  |  |  |  |
| Manufacturer:            | Lancia  |  |  |  |
| Chassis Number From:     | Refer Appendix                                  |  |  |  |
| Chassis Number location: | RHS Engine bay bulkhead                         |  |  |  |
| Material:                | Mild steel                                      |  |  |  |
| Comments                 | None  |  |  |  |

## 1.2. FRONT SUSPENSION

| Description:           | Independen   | Independent - double wishbone         |  |    |
|------------------------|--------------|---------------------------------------|--|----|
| Spring Medium:         | Transverse   | Transverse leaf                       |  |    |
| Damper Type:           | Telescopic   | Telescopic Adjustable: No             |  |    |
| Anti-sway bar:         | Yes          | Yes                                   |  | No |
| Suspension adjustable: | No           | No Method: Toe                        |  |    |
| Comments:              | Spring rates | Spring rates and ride height are free |  |    |

## 1.3. REAR SUSPENSION

| Description:           | Tubular beam axle                     | Tubular beam axle        |             |    |
|------------------------|---------------------------------------|--------------------------|-------------|----|
| Spring Medium:         | Semi elliptic leaf                    |                          |             |    |
| Damper Type:           | Telescopic                            | Telescopic Adjustable No |             |    |
| Anti-sway bar:         | Yes                                   |                          | Adjustable: | No |
| Suspension adjustable: | Yes Method: Toe                       |                          |             |    |
| Comments:              | Spring rates and ride height are free |                          |             |    |

## 1.4. STEERING

| Type:    | Worm and sector | Make: | Lancia |
|----------|-----------------|-------|--------|
| Comments | None            |       |        |

# 1.5. BRAKES

|                               | Front      | Rear      |  |  |
|-------------------------------|------------|-----------|--|--|
| Type:                         | Disc       | Disc      |  |  |
| Dimensions:                   | 257 mm     | 257 mm    |  |  |
| Material of drum/disc:        | Cast iron  | Cast iron |  |  |
| No. cylinders/pots per wheel: | One or Two | One       |  |  |
| Actuation:                    | Hydraulic  | Hydraulic |  |  |
| Caliper make:                 | Dunlop     |           |  |  |
| Caliper type:                 |            |           |  |  |
| Material:                     | Cast iron  |           |  |  |
| Master cylinder make:         | Dunlop     |           |  |  |
| Type:                         | Tandem     | Tandem    |  |  |
| Adjustable bias:              | No         |           |  |  |
| Servo Fitted:                 | Yes        | Yes       |  |  |
| Comments:                     | None       |           |  |  |

#### **SECTION 2 - ENGINE**

## 2.1. ENGINE

| Make:                       | Lancia  | Lancia                              |                |  |  |  |
|-----------------------------|---|-------------------------------------|----------------|--|--|--|
| Model:                      | 818   |                                     |                |  |  |  |
| No. cylinders:              | Four  | Configuration:                      | Transverse Vee |  |  |  |
| Cylinder Block-material:    | Cast iron                                     | Two/Four Stroke:                    | Four           |  |  |  |
| Bore – Original - 1.2:      | 76.0 mm                                       | Max allowed:                        | 77.5 mm        |  |  |  |
| Stroke – original – 1.2:    | 67.0 mm                                       | Max allowed:                        | 67.0 mm        |  |  |  |
| Capacity – original – 1.2:  | 1216 cc                                       | Max allowed:                        | 1264 cc        |  |  |  |
| Bore - Original - 1.3:      | 77.0 mm                                       | Max allowed:                        | 78.5 mm        |  |  |  |
| Stroke – original – 1.3:    | 69.7 mm                                       | Max allowed:                        | 69.7 mm        |  |  |  |
| Capacity – original – 1.3:  | 1298 cc                                       | Max allowed:                        | 1349 сс        |  |  |  |
| Bore – Original - 1600:     | 82.0 mm                                       | Max allowed:                        | 83.5 mm        |  |  |  |
| Stroke – original – 1600:   | 75.0 mm                                       | Max allowed:                        | 75.0 mm        |  |  |  |
| Capacity – original – 1600: | 1584 cc                                       | 1584 cc <b>Max allowed:</b> 1642 cc |                |  |  |  |
| Identifying marks:          | On bellhousing<br>818 Series – Refer Appendix |                                     |                |  |  |  |
| Cooling method:             | Liquid  | Liquid                              |                |  |  |  |
| Comments:                   | None  |                                     |                |  |  |  |

## 2.2. CYLINDER HEAD

| Make:                   | Lancia       |           |      |          |              |
|-------------------------|--------------|-----------|------|----------|--------------|
| No. of valves/cylinder: | Two          | Inlet:    | One  | Exhaust: | One          |
| No. of ports total:     | Eight        | Inlet:    | Four | Exhaust: | Four         |
| No. of camshafts:       | Two          | Location: | Head | Drive:   | Toothed belt |
| Valve actuation:        | Overhead cam |           |      |          |              |
| Spark plugs/cylinder:   | One          |           |      |          |              |
| Identifying marks:      | 818540       |           |      |          |              |
| Comments:               | None         |           |      |          |              |

## 2.3. LUBRICATION

| Method:              | Wet sump             | Oil tank location: | N/A |
|----------------------|----------------------|--------------------|-----|
| Dry sump pump type:  | N/A                  | Location:          | N/a |
| Oil cooler standard: | No                   | Location:          | N/A |
| Comments:            | Oil cooler permitted |                    |     |

## 2.4. IGNITION SYSTEM

| Type:    | Points, | Points, Coil and Distributor        |  |  |
|----------|---------|-------------------------------------|--|--|
| Make:    | Marelli | Marelli                             |  |  |
| Comments | 1.2/1.3 | Magnetti Marelli Distributor S105C, |  |  |
|          |         | Ducellier 4206A Distributor         |  |  |
|          |         | Fitting Kit: FK 316                 |  |  |
|          |         | Performance Kit: CEK160 or CEK150   |  |  |
|          | 1600    | Magnetti Marelli Distributor S 139A |  |  |
|          |         | Fitting Kit: FK720                  |  |  |
|          |         | Performance Kit: CEK160 or CEK150   |  |  |

## 2.5. FUEL SYSTEM

| Carburettor Make – 1.2, 1.3: | Solex    | Model: | 34DOL      |
|------------------------------|----------|--------|------------|
| Carbarettor wake 1.2, 1.3.   |          |        | 35PHH      |
| Carburettor Make – 1.2, 1.3: | Weber    | Model: | 40         |
| Carburettor Make – 1600:     | Solex    | Model: | C2 42DDHF  |
|                              |          |        | C2 45 DDHF |
| Carburettor Make – 1600:     | Weber    | Model: | 45 DCOE    |
| Carburettor Make – 1600:     | Dellorto | Model: | 45 DHCA    |
| Carburettor Number:          | Two      |        |            |
| Size:                        |          |        |            |
| Fuel injection Make:         | N/A      | Туре:  | N/A        |
| Supercharged:                | No       | Туре:  | N/A        |
| Comments:                    | None     |        |            |

#### **SECTION 3 - TRANSMISSION**

#### 3.1. CLUTCH

| Make:          | Volvo              |  |
|----------------|--------------------|--|
|                | FTS                |  |
| Type:          | Dry plate          |  |
| Diameter:      | 200 mm             |  |
| No. of Plates: | One                |  |
| Actuation:     | Mechancial – cable |  |
| Comments:      | None               |  |

## 3.2. TRANSMISSION

| Type:                         | Manual, synchromesh          |
|-------------------------------|------------------------------|
| Make:                         | Lancia                       |
| Gearbox location:             | Bolted to engine             |
| No. forward speeds:           | Series I – Four              |
|                               | Series II - Five             |
| Gearchange type and location: | Lever, central floor         |
| Case material:                | Aluminium                    |
| Identifying marks:            | Plate LHS – 818 540, 818 740 |
| Comments:                     | Ratios free                  |

## 3.3. FINAL DRIVE

| Make:              | Lancia                           | Model: | Lancia |  |  |
|--------------------|----------------------------------|--------|--------|--|--|
| Wheel drive method | Front                            |        |        |  |  |
| Ratios:            | Various                          |        |        |  |  |
| Differential type: | Free                             |        |        |  |  |
| Comments:          | Ratios free                      |        |        |  |  |
|                    | Limited slip differntial allowed |        |        |  |  |

## 3.4. TRANSMISSION SHAFTS (EXPOSED)

| Number:      | Two   |
|--------------|---|
| Location:    | Transaxle to front wheels                             |
| Description: | Individual driveshafts with inner and outer CV joints |
| Comments:    | None  |

## 3.5. WHEELS & TYRES

| Wheel type - Original:  | Cast alloy                            | Material                  | - Original: | Magnesium alloy |  |
