1 NON REGULATORY INFORMATION

1.1 PREAMBLE

The 2020 Queensland Rally Handbook contains the structure and Sporting Regulations for:

- 2020 Motorsport Australia Queensland Rally Championship.
- 2020 Motorsport Australia Queensland 2WD Rally Championship
- 2020 Motorsport Australia Queensland Junior Rally Championship
- 2020 Motorsport Australia Queensland Clubman Rally Series
- 2020 Motorsport Australia Queensland Novice Rally Series

Competitors nominate their intention to score points in these Championships or Series on the Entry Form for each of the 2020 Motorsport Australia Queensland Rally Championship rounds they choose to enter.

Any Competitor who nominates to score points in a round of the 2020 Motorsport Australia Rally Championships may not score points in the 2020 Motorsport Australia Queensland Clubman or Novice Rally Series for that round.

Any Competitor who nominates to score points in a round of the 2020 Motorsport Australia Queensland Clubman or Novice Rally Series may not score points in the 2020 Motorsport Australia Queensland Rally Championship for that round.

The Queensland Rally Championship welcomes P3 Solutions Pty Ltd as the 2020 Naming Rights Sponsor, with Associate Sponsorship from Tanzer Autocare Yepoon Pty Ltd.

The primary task of the Queensland Rally Advisory Panel (QRAP) is to provide assistance, advice and recommendations to the Queensland State Council (QSC) with the planning and administration of the sport and to assist to guide rallying in a manner that is in the best interest of the sport.

The QRAP attempts to ensure that the differing needs of organising clubs and competitors are being met and in meeting these needs, the QRAP must take into account that recommendations to the Queensland State Council should be arrived at in the interests of rallying and not necessarily in the interests of a specific group if the needs of that group are not in the best interest of rallying.

Members of the QRAP are selected on the basis of their personal discipline and knowledge of rallying in general and specific selected aspects. Queensland State Council appoints members of the QRAP in November each year for terms of up to three years. Current Panel members hold office until December 2020.

Notes:

1. The role of Advisory Panels is to provide advice to the Queensland State Council on an area of particular knowledge. Each Panel also has a direct reporting relationship with the relevant Commission on discipline specific matters. Any advice or recommendation recorded by Advisory Panels does not have any regulatory effect until such time as the Queensland State Council or the relevant Commission adopts such advice or recommendation.

2. A reference in the Handbook to the Motorsport Australia Manual included both the print and the online versions.

2.1.2 Supplementary Regulations for each event are to be reviewed by the Event Checker and Rally Advisory Panel prior to being submitted to the Motorsport Australia Permit Department. These decals and stickers will be provided by Motorsport Australia Qld prior to commencement of competition at each event. Appendix 1 to these regulations shows the locations where Decals or Stickers may be required to be displayed.

Event Roadbooks must not be issued to competitors earlier than 6pm on the evening before the Rally start, with the exception of Pace Noted rallies where the roadbook should be issued after completion of documentation and scrutiny to allow planning of reconnaissance. 2.9.2 Any log-booked rally vehicle that is proposed to be used as either Car 0 or Fast Sweep on a State Championship event must be presented at the pre-event scrutiny identified in the event Supplementary Regulations for safety checks.

Each occupant must present for checking and wearing throughout each Special Stage a Helmet, FHR and Driving Overalls complying with Schedule D of the NCR.

2.9.3 Any road registered vehicle not covered by 2.9.2 which is proposed to be used as either Car 0 or Fast Sweep on a State Championship event must be presented at the pre-event scrutiny identified in the event Supplementary regulations for safety checks.

Each occupant must present for checking and wearing throughout each Special Stage a helmet and fire resistant clothing covering neck to wrists and ankles and fully enclosed non-synthetic footwear. Note that the wearing of FHR and Driving Overalls are not mandatory in such a vehicle.
