2 General Principles

- 2.1 The Ferrari Challenge comprises a series of sporting events, as indicated in the Calendar contained in Article 9.
- 2.2 Only Ferrari 488 Challenge Evo and Ferrari 296 Challenge (and relevant evolutions) as per the specifications contained in the Technical Regulations, the special Technical Homologation Sheet, and the technical bulletins (hereafter known as the “Cars”) may compete in Challenge Events.

Throughout the entire duration of Ferrari Challenge, the Cars must always and only be parked in facilities indicated at the beginning of the season by the Dealer / Authorised Service. Any change of location must be made known in advance to the Ferrari Challenge Administration Office (as defined under article 7.2).

- 2.3 Ferrari Challenge will award the following titles:

- Ferrari Challenge Trofeo Pirelli
- Ferrari Challenge Coppa Shell
- Ferrari Challenge Trofeo Pirelli 488
- Teams Cup

- 2.4 The Ferrari Challenge Trofeo Pirelli (the “**Trofeo Pirelli**”) is reserved for crews made up of 1 (one) Driver (“**Pirelli Driver**”). Suitability for the categorisation as Pirelli Driver will be subject to evaluation by Category Management (as defined under article 6.1) which will take into consideration the racing curriculum vitae and the age of the Driver. The only exceptions to this are special cases decided upon by Category Management.

2.4.1. Trofeo Pirelli is only open to 296 Challenge vehicles

- 2.5 The Ferrari Challenge Coppa Shell (the “**Coppa Shell**”) is reserved for crews made up of 1 (one) driver not considered Pirelli (“**Shell Driver**”). Suitability for the categorisation as Shell Driver will be subject to evaluation by Category Management (as defined under article 6.1) which will take into consideration the racing curriculum vitae and the age of the Driver. The only exceptions to this are special cases decided upon by Category Management.

2.5.1. Coppa Shell is only open to 296 Challenge vehicles.

- 2.6 The Ferrari Challenge Trofeo Pirelli 488 (the “**Trofeo Pirelli 488**”) is reserved for crews made up of 1 (one) Driver (“**Pirelli 488 Driver**”). Suitability for the categorisation as Pirelli 488 Driver will be subject to evaluation by Category Management (as defined under article 6.1) which will take into consideration the racing curriculum vitae and the age of the Driver. The only exceptions to this are special cases decided upon by Category Management.

2.6.1. Trofeo Pirelli 488 is only open to 488 Challenge EVO vehicles

- 2.7 Only Ferrari Dealers and/or Authorised Services may submit an entry for a Driver to the Ferrari Challenge. The Teams’ Cup (the “**Teams’ Cup**”) is therefore reserved for the Teams (“**Teams**”) to be understood within the Series as Ferrari Dealers and/or Authorised Services (collectively the “**Dealership**”).

- 2.8 Motorsport Australia will appoint, in agreement with Ferrari, a Race Director who will carry out their duties in coordination with the Clerk of the Course appointed by the Organiser of the Challenge Event, in close collaboration with the Stewards and in compliance with the specific contents of Article 1.3.

- 2.9 Ferrari reserves the right to request the appointment of a permanent Race Director, a Steward and a Technical Delegate for the whole racing season.

- 2.10 Category Management reserves the right to assign a driver’s class or category after two rounds in which a driver took part. A driver who changes class or category will keep all the points assigned up to that moment.
