This is a friendly competition designed to improve driver skill and vehicle performance whilst determining the best and most consistent competitor. We thank our event promoters for their contributions

- Great Southern Street Machines Association (GSSMA)

We also thank our sponsors.

### Authority

The events shall be conducted under the provisions of the FIA International Sporting Code of the and Appendices, the Motorsport Australia National Competition Rules, the Motorsport Australia Speed Event Standing Regulations, these Regulations, Supplementary Regulations and any Further Regulations that may be issued by the promoters.

Access to the current Motorsport Australia Manual of Motorsport is provided at

### Series Registration

Registration for the 2025 season is \$99.00 (incl GST) and can be completed on the Motorsport Australia online registration page 2025 SSES REGISTRATION.

Fees are held by Motorsport Australia in a managed levy fund. Funds are used to purchase Event and Season Trophies or Awards and for general administration of the Series.

Registration for the Series entitles the Competitor to:

- Notification of entries
- Earn Series points
- Be awarded event trophies & end of season Series trophies
- A competition number allocated for the season
- Vehicle Decals with Registered Number
- Series registration is premised on one car per competitor in a declared class:
  - If a registered competitor wants to enter multiple cars, they need to register each car separately. Points for multiple cars cannot be combined for outright results.
  - In the instance where a competitor's car breaks or is sold they can use a replacement car (with approval by the committee) to earn outright points. Once a car change has been requested you cannot return to the original vehicle.

Non-Series registered competitors are not entitled to Series points or trophies.

Each event organiser (host club) will issue Entry Forms and Supplementary Regulations that will be read in conjunction with these Regulations. Registered competitors will receive an email notification of event entries.

Competitors will be provided one set (2) of decals with their allocated number as part of their initial registration. Replacement decals can be ordered at additional cost. (\$10)

## Series Administration

The 2025 Series will be run by an elected committee comprising 5 members. The current committee members ratified by Motorsport Australia are listed below:

- Phillip Morley (Series Co-ordinator)
- Graeme Adamson
- Andrew Ball
- Andy Thomas
- Adrian Hornsey
- Bevan Cook (eligibility officer)

If one or more of the above committee members step down at any point during or at the end of the season, an email will be sent to registered Series competitors asking for nominations. These nominations will then be voted on by the remaining committee members and a replacement committee member chosen.

## Speed Event Series

The 'SERIES' is open to all classes and is the overarching competition for 2025.

Due to track licencing changes making Category 1 cars ineligible to run at certain venues the 'SERIES' will be run over 10 rounds.

Competitors will drop the 2 lowest round scores from the season.

## Speed Event Cup

If your nominated class for the purpose of the SES in Formula Libre you are ineligible to score points towards the 'CUP' but may still enter the rounds. 'CUP' is for all remaining classes.

'CUP' will be all 13 rounds with competitors dropping the 2 lowest scores from the season.

Point scoring will be the same as above and run concurrently with normal Speed Event Series points.

The Ross McGuigan Perpetual Trophy for the Series Overall Champion will be presented at the 2025 Motorsport Australia WA awards ceremony to be scheduled at the end of the season.

Trophies for class winners and Speed Event Cup will be presented at the Series presentation event post season.

Series organisers will award event trophies to Series Classes at each event.

If two or more drivers finish the Championship on the same number of points, the higher place in the Championship will be awarded to:

- (i) The holder of the greatest number of first places in races/heats;
- (ii) If the number of first places is the same, the holder of the greatest number of second places;
- (iii) If the number of second places is the same, the holder of the greatest number of third places, and so on until a winner emerges;
- (iv) If this procedure fails to produce a result, Motorsport Australia will nominate the winner according to such criteria as it thinks fit. (Note: this ruling only applies to Championships consisting of multiple rounds. Championships consisting of a single Round should refer to the General Conditions for All Titles).

## Vehicle Scrutiny

Vehicles must be presented for inspection by a scrutineer nominated by the host club before being allowed to compete. The Supp Regs for each event shall clarify the scrutineering process for that event.

## Vehicle Class Declaration

All registered Series competitors are required to choose and declare a class from those listed under the Class Structure section of this document. This will apply to that competitor's entries for Series events which will be hosted by a variety of host clubs. A competitor may change their vehicle class during the season (if say the vehicle is modified) by notifying the committee of such change and the amended class declaration. The goal here is to try and simplify the class declarations prior to each event which historically has been challenging.

For vehicles that are not in the Series database, efforts will be made by the Series administration team to contact competitors via email addresses provided by the host club, to seek information on vehicles and allow these vehicles to be classified for each event.

## Apparel

All competitors must comply with Schedule D 1.4 in the Motorsport Australia Manual as a minimum requirement or higher if the Event Promoter requires, such as FHR and other safety equipment requirements.

Logbooked cars are to follow the Motorsport Australia guidelines on race apparel and FHR, [https://www.motorsport.org.au/docs/default-source/manual/speed/motorsport-australia\\_fhr\\_in-speed-events\\_flow-chart.pdf?sfvrsn=3f405b5f\\_6](https://www.motorsport.org.au/docs/default-source/manual/speed/motorsport-australia_fhr_in-speed-events_flow-chart.pdf?sfvrsn=3f405b5f_6)
